

JAHARP 2020-1

24 MARKET SURVEILLANCE AUTHORITIES FROM 21 MEMBER STATES

Work Package 3: SAR Measurements on Connected Portable Devices

The SAR on connected devices activity was selected on the basis of a prioritysetting exercise within the ADCO RED according to the current needs and the specific requirements of their member authorities.

9 COUNTRIES INVOLVED

Belgium, Bulgaria, Cyprus, France, Greece, Latvia, the Netherlands and Sweden. Switzerland shall participate as an observer outside the financial scheme.

STRATEGIC OBJECTIVES

Remove non-compliant products from the Single Market through product compliance checking, testing, and enforcement activities.

Support the application of the Regulation (EU) 2019/1020 through best practices for market surveillance and synergies with stakeholders.

Increase the skills and knowledge of EU MSAs through cross-sectoral capacity-building, common tools and training.

Risk and market analysis aimed at studying the market, its actors, sales, number of products.

Determination of aspects to be checked and identification of tests likely to result in failures.

Development of a checklist for the control and testing of products.

Identification of sampling criteria and development of guidelines for the Member States.

Testing laboratory selection aimed at identifying laboratories.

Sampling of products through a risk-based approach.

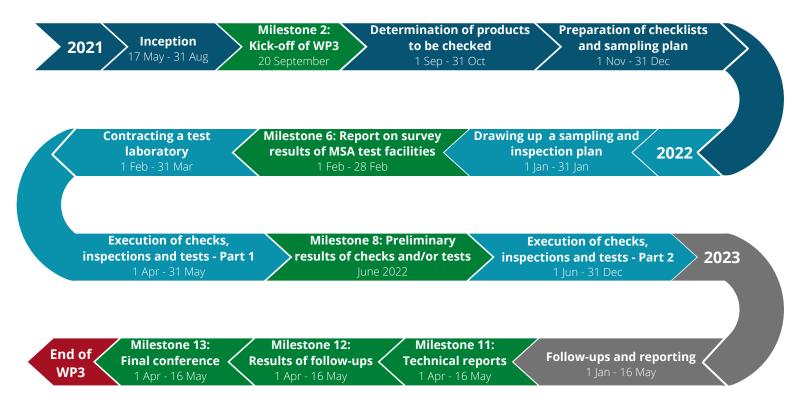

Testing of products at a laboratory to identify potential hazards.

Follow-up on non-compliant products.
